

Chethi Liyanapathirana

IT Operations Manager | Cloud Infrastructure & Digital Transformation

✉ chethi.parinda@outlook.com ☎ +94 70 246 4781 📍 Colombo, Sri Lanka

🌐 [linkedin.com/in/chethi-liyanapathirana](https://www.linkedin.com/in/chethi-liyanapathirana)

Professional Summary

IT operations leader with 14+ years of experience across infrastructure management, Microsoft Azure and Microsoft 365 administration, network security, and enterprise digital transformation. Proven track record leading multi-site IT operations, driving cost-saving cloud migrations, and delivering end-to-end transformation projects spanning helpdesk modernization, asset management, and sales automation. Currently advancing cloud and information security expertise through an MSc in Computer Science (Wrexham University, UK) and an Executive MSc in Information Security (Asia e University). Seeking an IT Manager role combining strategic leadership with hands-on cloud and infrastructure expertise.

Professional Experience

- | | |
|---|-------------------|
| IT Specialist – Group IT, Sisili Projects Consortium (Pvt) Ltd | 10/2024 – Present |
| <ul style="list-style-type: none">• Lead end-to-end IT operations across [number of company locations], ensuring high availability of infrastructure, systems, and user support services for a workforce of [approximate user / employee count].• Oversee enterprise IT infrastructure — network systems, Microsoft 365 administration, user access management, cloud services, endpoint devices, and connectivity solutions — supervising [size of IT support team].• Coordinate ERP and business application support activities, including Dynamics 365 Business Central administration and user support.• Develop and implement IT operational procedures, security policies, access controls, and governance practices to improve compliance and operational efficiency.• Plan and coordinate infrastructure improvement initiatives including firewall implementation, network enhancements, endpoint security, and centralized IT monitoring solutions.• Manage relationships with vendors, ISPs, software providers, and external service partners for procurement, implementation, and ongoing support services.• Lead digital transformation initiatives — including IT helpdesk implementation, centralized asset management, workflow automation, and business process digitization — delivering three major systems within a 12-month period. | |
| Senior Executive – IT Operations and Cloud Services, Atlas Axillia Co. (Pvt) Ltd | 01/2020 – 11/2024 |
| <ul style="list-style-type: none">• Managed enterprise cloud infrastructure operations, including Microsoft Azure virtual machines, backup solutions, server monitoring, and system availability management for [number of VMs / servers].• Administered Azure governance policies, backup strategies, and disaster recovery procedures to ensure business continuity and data protection.• Monitored and maintained FortiGate firewall infrastructure, network security controls, and connectivity services across multiple sites.• Participated in IT governance and disaster recovery planning activities, including periodic testing and operational risk mitigation.• Coordinated with internal stakeholders, vendors, and support teams to maintain stable IT service delivery across business operations. | |

- Supported enterprise IT infrastructure operations, incident management, and user support functions while ensuring adherence to operational SLAs.

IT Executive , <i>Atlas Axillia Co. (Pvt) Ltd</i>	08/2018 – 01/2020

Expected completion: 2026 Artificial Intelligence , Database Systems and Data Analytics , Secure Computing , Research Methods for Digital Technologies , Advanced Data Structures and Algorithms , Advanced Machine Learning and Dissertation	
Executive MSc in Information Security (in progress) , <i>Asia e University</i>	02/2024 – Present
Expected completion: 2026 Principles of Information Security , Advanced Computer Security , Network Security and Intrusion Detection , Application Security , Data and Database Security , Information Governance and Audit , Information Security Management , Research Methodology and Disseration	
G.C.E. Advanced Level & Ordinary Level , <i>St. John's College, Sri Lanka</i>	1999 – 2012

Core Competencies	
IT Strategy, Governance & Compliance	IT Operations & Service Delivery (ITSM)
Team Leadership & Vendor Management	Cloud Infrastructure Microsoft Azure, Microsoft 365, Google Workspace
Network & Security FortiGate, VPN, Endpoint Security	Digital Transformation & Process Automation
Disaster Recovery & Business Continuity Planning	ERP & Business Applications Dynamics 365 Business Central
IT Project & Program Coordination	Budget, Procurement & Cost Optimization

Key Achievements

- Delivered LKR 2.5 million in annual cost savings by leading a 200-user migration from Google Workspace to Microsoft 365.
- Led multi-site infrastructure modernization, including a CAT6 cabling revamp and dual firewall (FortiGate / Palo Alto) deployment across two major sites.
- Spearheaded three digital transformation initiatives — IT helpdesk, centralized asset management, and sales force automation — within a 12-month delivery window.
- Progressed from Junior IT Executive to IT operations leadership across four organizations over 14+ years, with deep expertise in Microsoft 365, Azure, and FortiGate environments.
- Development and Implementation of IT Policies and Governance Standards

Key Projects

Sales Force Automation System, Sisili Projects Consortium Leading the transformation of fully manual sales processes into digital workflows through a custom Sales Force Automation platform.	01/2026 – 06/2026
Centralized IT Inventory System, Sisili Projects Consortium Implemented a customized open-source IT asset inventory system for centralized device management across the organization.	08/2025 – 09/2025
Centralized Endpoint Management System, Sisili Projects Consortium Implemented and managed ESET PROTECT, establishing centralized endpoint management and security controls for 280+ company devices across multiple locations.	07/2025 – 08/2025
IT Helpdesk System Implementation, Sisili Projects Consortium Designed and deployed a fully customized open-source IT helpdesk system covering all internal IT support needs.	05/2025 – 06/2025
Google Workspace to Microsoft 365 Migration, Sisili Projects Consortium Migrated 200 users from Google Workspace to Microsoft 365, implementing core Microsoft services across the organization and delivering LKR 2.5 million in annual cost savings.	03/2025 – 06/2025
Networking Revamp Projects, Atlas Axillia (Peliyagoda & Welisara) Led an infrastructure revamp replacing CAT5 with CAT6 cabling and deploying a FortiGate 100D firewall (Peliyagoda HQ) and a Palo Alto firewall (Welisara) in a ring network topology, strengthening network resilience and security across two major sites.	08/2022 – 07/2024
Microsoft Office 365 Migration, Atlas Axillia Co. (Pvt) Ltd Migrated organization-wide email and productivity tools from open-source platforms to Microsoft 365.	03/2021 – 08/2021
IT Governance and Policy Development, Sisili Projects Consortium Led the development and implementation of IT policies, procedures, and governance standards, strengthening security controls and standardizing IT operations across multiple business locations	01/2026 – 05/2026
